DECISION ON PETITION
UNDER 37 CFR 1.182

This decision is issued in response to applicant's petition under 37 CFR 1.182 to excuse applicant's error upon filing filed 20 May 2010 in the United States Patent and Trademark Office (USPTO). Applicant has provided payment of the required \$400 petition fee.

BACKGROUND

On 29 March 2010, applicant was mailed a communication detailing the discrepancy between international application numbers on the transmittal letter and other filing papers such as the Application Data Sheet.

On 20 May 2010, applicant filed the petition considered herein.

DISCUSSION

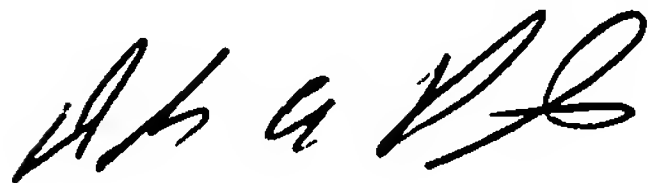

Applicants confirm that the correct international application is PCT/GB2005/000758. An examination of the originally filed papers finds that the correct international application number was listed on the Application Data Sheet filed 30 August 2006 and entered in the EFS-Web filing system. Applicant's present submission included the required petition fee to correct applicant's clerical error. Accordingly, these materials satisfy the requirements for a grantable petition to correct applicant's error in the bibliographical data filed 30 August 2006 and to permit such materials to be treated as having been directed to international application PCT/GB2005/000758.

CONCLUSION

Applicant's petition under 37 CFR 1.182 is **GRANTED**.

As requested, the international application number, title of invention, and continuity data have been corrected and are now associated with PCT/GB2005/000758.

This application is being forwarded to the United States Designated/Elected Office for further processing.
